

Self Reflection

Before we dive into the Unit, think of the following:

- How good are you at the following skills of the future from 0 to 10, where 0 is the lowest and 10 is the highest result?
- How did you develop these skills?
- Do you measure these skills of your employees?
 - If yes, how good your team members are regarding these skills and what is the skill gap that needs to be covered?

We hope that after this Unit you will be inspired to make certain steps toward developing the problem solving skills in your team, and especially the creativity, originality, and initiative!
